Roaring Redwood River.

Fourteenth Annual
PRICE LIST

—OF THE—

G. B. CUTLER SEED CO.

Marshall, Minn.

March 1st, 1932

In presenting you this 1932 Price List, we wish to thank all our friends and customers for their past patronage.

Our old customers are well acquainted with our ways of doing business, and you should ask the old if in doubt as to our square dealings.

No Warranty.—We exercise extreme care in the filling of all orders, but we give no warranty, expressed or implied, as to the quality, description or productiveness, or any other matter of any seeds we send out, and will in no way be responsible for the crop.

This non-warranty is similar to that used by all seed houses and we recommend that you test all seeds on arrival and if they do not meet your requirements, return them at once at our expense and we will cheerfully refund your money.

ORDER EARLY—As market conditions are not yet normal, and as fancy stocks are going to be hard to replace, we strongly recommend that our customers place their orders early, thereby taking advantage of the low prices which we present in this first issue of our 1932 Price List.

Prices Subject to Change.—The prices quoted herein are based on market conditions at the time this list is issued and are subject to change without notice. We do not alter prices except in extreme cases, but if your list is an old one and you have occasions to presume that prices are either higher or lower, just write us for current list before ordering and we will supply one at once.

Orders Promptly Filled.—In case of delay you will be notified by letter explaining the cause of such delay and advised when shipment will be made. If you do not hear from an order sent us within a reasonable

length of time, send us a duplicate, stating amount of remittance, and be sure to give your name and full address.

Terms of Sale—Cash must accompany orders and should be in the form of Money Order or Bank Draft, Currency or Registered Mail, or Bank Check.

G. B. CUTLER SEED CO.

THE PRESENT HOME OF THE
MARSHALL SEED HOUSE.

A Few Words From George

My little catalogs are so widely known in this community now and I take it for granted that you all read my little life story but I have only lived one life so what shall I write this year? Nothing exciting has happened to me this past year so I shall again give you the highlights of my life—perhaps there is someone who has not heard it—I doubt it.

Since a boy of twelve years I have always been intensely interested in seeds and when asked what I was going to be when I got big, I invariably answered, "a seed man." When still a little older I wrote to seed houses asking for jobs but they all had plenty of help. That put a stop to my part in the seed game for fifteen years.

Thirty years ago I moved from Marshall, Wisconsin to Marshall, Minnesota, the best town and state in the universe. I worked on a farm the first year here for \$20.00 per month. The next year I rented my father's farm located $2\frac{1}{2}$ miles east of Marshall where I remained

for fifteen years. I batched for eight years until I married a girl from Chatfield, Minnesota, and I have never had to batch since.

Fourteen years ago I became very religious. I bought a church parsonage to live in and rented the old Catholic church in which to carry on my seed business. Seed corn was the principal seed although I had six sacks of grass seed but carried three of them over to the following year. Business has improved so much so that seed is shipped in here by the carload and sold by the sack today. Ten years ago I began handling bulk garden seed. This department grew faster than field seed due to never losing a customer after once I induced them to buy their seeds in bulk.

The pretty packages with bright colored vegetables on the envelope have become a thing of the past to all thrifty buyers. How do you know but what the seed in those packages is ten years old?

Chicken feeds of all kinds are also carried in stock.

Now to sum this up there must be a reason for this outstanding growth in the past years. My aim

has always been to please the people by selling them what they want at the right price. It is only natural that we sometimes make mistakes but we are always glad to correct them to satisfy our many customers. You are just as welcome at my place with overalls on as if you came decked out in a white collar.

Come in to see us regardless of whether you want to buy or not for we like company. Perhaps I have said more than plenty now but it is too late. When you come in, say, "Hello, George," leave the Mr. stuff off, and thank you.

G. B. CUTLER.

**This Year Everything
Will Be Sold For**

CASH

Only.

So do not ask for credit.

ALFALFA

Our seed all comes to us in sealed and branded bags, and is of the 1st grade. You have likely been hearing over the radio about the cheap seed you can buy. If you have, send for sample and see then if you want the grade of seed advertised.

Northern Grown Alfalfa

This does not need any explanation as everybody knows how good it is and every farm should have a few acres.

Do not buy Alfalfa seed that is offered cheap as it may be southern grown seed which is always cheaper than northern grown seed. The southern grown alfalfa, grown from this seed will not stand our cold winters.

This year the Minnesota law says that no Grimm's Alfalfa can be sold without a state seal so do not be mis-

led by buying cheaper seed from some other state that does not have that law. Our seed is the blue tag or the best grade, put up in towel bags 30 and 60 pounds each and the price for that kind of Grimm's Alfalfa is per lb. -----26c

Our Cossack Alfalfa, as perhaps you all know, is a hardy plant, as much so as Grimm's, but makes a finer grade of hay.

Our price is per lb. -----26c

The Dakota 12 is nothing new, we all know about that.

Our price is per lb. -----20c

Nitragin

Inoculate your alfalfa and clover with Nitragin for best results.

1/2 bushel size can -----60c

1 bushel size can -----\$1.00

SWEET CLOVER

SCARIFIER

Having just installed a new modern Scarifier we are able to do you a better job and in less time than before. Bring in your Sweet Clover—have it scarified and cleaned. Our price is \$1.00 per cwt.

Medium Red Clover

This seed is grown in Minnesota, cleaned in fine shape and is the best grade to be had.

Price per lb.....22c

Sweet Clover

All of this seed is scarified
White Blossom (Home grown),

1st grade -----	7c
2d grade -----	6c
Yellow Blossom, per pound-----	8c

Grundy Co. or Dwarf Sweet Clover

This is something new in this territory. It is a great deal finer, more like alfalfa. Makes better hay than common sweet clover.

Per lb. 7c

Alsike

This is by all means the best clover for a low land pasture.

Price per lb. 20c

White Dutch Clover

This is the kind to sow on your lawn. Also good in a pasture mixture.

Per lb. 50c

Grass Seeds

Timothy, price per pound 7c

Timothy and Alsike Clover mixed

20 per cent Alsike, 80 per cent

Timothy, price per pound . . . 9 1/2 c

Red Top, price per pound 15c

Blue Grass, price per pound . . . 30c

Bromus, price per pound 20c

Dwarf Essex Rape

This seed is grown in Holland and sure is the quickest pasture for cattle, hogs and sheep when sown in spring. For fall pasture nothing gives more cheap feed than Rape sown in small grain. Price per cwt.----\$7.00

Sudan Grass

A great one year hay and pasture grass; can be cut for hay two or three times a season, a little coarse, but very good feed. Price per cwt.--\$4.50

Amber Cane

One of the greatest fodders—if mixed with corn. Price per cwt. \$3.50

Kaffir Corn

If cut green makes fine fodder. If allowed to ripen, is one of the best feeds for chickens. Per cwt.--\$3.50

Sun Flower

In a real dairy country this is getting to be quite a popular crop to put in a silo for the dairy cow. When raised for the seed is a good feed for poultry. Price per pound-----20c

Field Peas

A crop of field peas and oats, cut for hay, has proven itself nearly as good as alfalfa, sown at the rate of one bushel peas, one bushel oats is a good mixture. Price per cwt.---\$5.00

Sweet Clover Scarifier

If you have any sweet clover that you want cleaned and scarified we will be glad to do it for you at a reasonable price of \$1.00 per cwt.

We also clean any other seed that you might have that you want cleaned.

Millet

Siberian, per cwt.-----	\$3.00
German, per cwt.-----	\$3.50

Soy Beans

Manchu, per cwt.-----	\$4.00
-----------------------	--------

BEMIS "A" GRAIN BAGS, Each 30c

Clipper Cleaner

This year we are selling the Clipper Mills and as you all know this is the best mill for cleaning all kinds of grain and seed. Screens for all purposes.

They come complete with 12 screens and for motor or hand power.

No. 1 Clipper.....\$39.00

No. 2 Clipper.....\$46.00

GARDEN SEEDS

Why pay two prices for your garden seed done up in packages with a pretty picture on it? If you do so—you have to pay for the picture extra.

Our seeds are in plain packages with as many or more seeds for less money. If you would like different varieties not listed below we can furnish same.

We pay postage on all garden seed. If you want package seeds will furnish them at 5 cents per package.

MAKES THINGS GROW

SACCO is a specially prepared PLANT FOOD for the development of fine LAWNS, GARDENS, SHRUBS, FLOWERS and TREES. It has the endorsement of highest authorities on plant nutrition.

SACCO is very effective and economical. A light application once or twice a year, of 2 to 4 pounds per hundred square feet, will keep the lawn in excellent growing condition.

SACCO has more than four times as much plant food value as pulverized manures. Full directions for use on each package.
